• Il Pellicano, Italy

PORTO ERCOLE, ITALY

Most hotels on TripAdvisor don't have cliff elevators

→ IT AIN'T NEW. Il Pellicano is where Cary Grant got so tan. But the most perfect and only-in-Europe thing about this classic spot—a hotel improbably shoehorned into a Tuscan crag near the town of Porto Ercole—is a Glorious Mediterranean Cliff Elevator. You descend and emerge on a glistening cliffside platform—one holding only umbrellas, an aperitivo cart, and a dip-dive-conductive ladder.—S.B.
