Since the success of the new edition of the musical on-tour last season when many dates were "sold-out", people have been waiting for the 2018/2019 tour; GreaseMania! will be staged on 18th August at the Forte Arena in Santa Margherita di Pula (CA).

Tickets for the GreaseMania! show will be available from 10.00 am, Monday 7th May at [www.boxofficesardegna.it](http://www.boxofficesardegna.it), [www.ticketone.it](http://www.ticketone.it) and in all authorized sales points.

This is a love story born in the "summer evenings", accompanied by lots of rock and roll, unforgettable songs and amazing choreography: these are the ingredients that have made Grease an overwhelming success and that, since 1997, have ignited Italian audiences and turned the costumed musical into a real phenomenon of 'pop', an intergenerational cult.

In 20 years of amazing success in Italy, the version produced by the Compagnia della Rancia, has turned into a machine for applause, changing the way of living and the experience of going to the theatre.

Grease, with its electrifying soundtrack from Summer Nights to You're the One That I Want (Italian lyrics signed by Franco Travaglio and Michele Renzullo) and the irresistible choreography, full of rhythm and energy, made entire generations fall in love (and dance). Grease is a pop phenomenon, more and more alive in our daily life, with characters which have become real generational icons: an engaging group, led by Danny Zuko, the leader of the T-birds, in love with Sandy, the soap and water girl who arrives at Rydell and, to win back Danny after a summer flirtation, she turns sexy and irresistible. Together with them, the explosive Kenickie, the rebellious and angular Rizzo, the T-Birds, the Pink

Ladies, the students of the most famous high school and a very special "angel".
