

Hotel L'Orologio Venice

2020 Update + Health & Safety Protocols

PLAN TO RE-OPEN:

June 3rd

SERVICES:

All hotel services will be available upon re-opening.

HEALTH & SAFETY PROTOCOLS:

In order to welcome our guests with the customary professionalism and courtesy, while trying to ensure their safety, the hotel reopens after a thorough sanitation of all the common areas and rooms. We will carry out the sanitation of the usable spaces and of all the surfaces twice for every work shift (6 times a day).

All Wtb Hotels staff members will follow a well-defined protocol for sanitation and disinfection. We have requested to all our suppliers (food and beverage supplies, laundries, garages and valet service) that their internal protocol must ensure us of the same protection and be in compliance with the new current regulations.

Main Hall & Common Areas:

- The main entrance of the hotel has two doors that will be marked separately: one for entry and one for exit. There will be a directional belt separator running from the entrance towards the hall.
- A stand with disinfectant gel, masks and gloves will be present at the entrance with informative signs (respect the social distance of one meter, wear a mask, sanitize your hands frequently).
- Horizontal waiting indicator has been placed in front of the reception.
- The Guests wait at the entrance for their turn and will use the first available Plexiglas station, if accompanied by the family, the whole family may approach the station.

Breakfast Hall:

- The breakfast hall can be accessed either with an elevator or using the stairs, it has a separate entrance and exit.
- Access to the hall is allowed only to Guests wearing a mask.
- Access to the hall for the staff is allowed only wearing a mask and gloves.
- Safety distance: the seating on the tables will be on one side only, families may occupy one table.

Hotel L'Orologio Venice

2020 Update + Health & Safety Protocols (continued)

- The windows of the hall will be open in order to allow proper aeration.
- Each Guest will be welcomed upon arrival, accompanied to the table and can contact the staff to request the products displayed on the buffet (single portions) the rest can be ordered from the menu.
- Table tops will be sanitized twice during the service with a special sanitizing product. At the end of the breakfast service, the entire hall will be cleaned and sanitized with special products.

Lifts:

- The button panel is covered with a special film for sanitizing.

Active Floors:

- Sanitizing Gel will be available near the elevator of each floor.

Bathrooms & Common Areas:

- Sinks, soap dispensers, doorknobs and toilets will be frequently sanitized.

Housekeeping:

- The room will be aerated, cleaned, sanitized, and checked by our housekeeping manager as normally done.
- The products used for sanitation and disinfection comply with current regulations; the ozone machine will be used to sanitize the room upon Guests' departure.
- Amenities such as: kettle, ironing set, folders, pencils, shoe horn, linen bag and linen list and decorative items such as: carpets, decorative cushions and square bed cushions will be supplied upon request in plastic bags after being sanitized, with the exception of the ironing board which will be sanitized before delivery.
- The TV remote controls will be sanitized and packed in special disposable cases and will be replaced at each departure.

At Our Guests Disposal, Each Room Will Have:

- Single-dose bathroom amenities.
- Hair dryer, coat hangers, wrapped slippers and folded bedside rug are available inside the wardrobe.
- In the Minibar there are 2 bottles of water available for free for our guests.

GOOD TO KNOW:

We are very happy to welcome your clients once again to the Hotel L'Orologio Venice.
