THE HOTEL

Our house has a long history and has been lovingly renovated while preserving its warm and welcoming atmosphere, as reflected in every room and carefully selected object.

A high-angle photograph of a bronze statue of a nude figure standing on a pedestal in a garden. The statue is positioned on a white stone ledge that borders a swimming pool. The pool's water is a clear, light green color. The garden is filled with various green plants, including some with long, narrow leaves. The background shows more of the pool and the surrounding landscape.

THE THERMAL BATHS

The beneficial water surges at a temperature of 49°C and fills our pools with health and wellness.

Three outdoor pools are immersed in our garden with magnificent views of the Rocca d'Orcia.

The three pools offer temperatures of 28-30°C, 30-32 °C, and 35-38°C, respectively.

A photograph of a wooden sauna interior. The walls and ceiling are made of vertical wooden planks. In the center, there is a glowing stone wall, likely a heater. The floor is made of light-colored stone tiles. The overall atmosphere is warm and relaxing.

THE RESTAURANT

The floor to ceiling windows of our house restaurant offer magnificent views overlooking the hills of Val d'Orcia. Tuscan is spoken in the kitchen, with accents that reach the sea. The goodness of the oil, the wines, the meats, the seafood, and the fresh produce is directly proportional to the sensitivity and attention of our carefully selected suppliers.

The image shows the interior of a medieval church, likely a chapel or a small church, with a vaulted ceiling and walls covered in frescoes. The central focus is a large fresco depicting the Crucifixion of Christ, with the Virgin Mary on the left and Saint John the Apostle on the right. Below the cross, a figure is shown in a state of grief. The ceiling is decorated with several circular frescoes, each containing a figure, possibly a saint or a religious figure, with Latin inscriptions. The overall style is characteristic of medieval Italian art, with a focus on religious themes and a use of earthy colors and gold leaf accents. The lighting is soft, highlighting the textures of the plaster and the details of the paintings.

A wide-angle photograph of a rugged, mountainous landscape. The foreground is filled with light-colored, jagged rocks and sparse green vegetation. In the middle ground, there are several prominent, layered rock formations with distinct horizontal strata. The sky is filled with soft, grey clouds, creating a moody atmosphere. The overall scene is a natural, rocky environment.
