

A 19th-century palace overlooking the *Villa Borghese Gardens*, **Hotel Splendide Royal** is located in the very heart of Rome, a short stroll from the *Spanish Steps* and all major points of interest.

Former residence of the Roman Maronites, this unique hotel combines ultimate luxury with a flexible design: marble floors, murano glass chandelier, stuccoes and oil painting make the Hotel Splendide Royal the favoured by Italian and International guests who appreciate the luxurious style and spacious feel.

In 2021, after 20 years of success with the original project which consisted of 69 rooms and suites, impressive renovation works involved many of the original rooms, the award-winning *Mirabelle* gourmet restaurant and the launch of the new *Splendide Boutique* hospitality concept. In fact, the property expands by another 16 suites, inaugurating the boutique wing, a small hotel within the hotel that stands out for its contemporary, modern luxury and the utmost exclusivity and privacy.
