

SIGNATURE EXPEDITIONS

We are happy to present our signature experiences collection. This is by no means our whole portfolio but a selection to represent the range and variety of what Metropolitan Touring can offer in Colombia. We have split this collection in a menu of five categories so you can easily find what you and your clients are looking for:

- Out Of the Ordinary, for the indulgent

Enjoy exploring Colombia with our selected collection of splendid, unique experiences which include steam train rides, helicopters, hot air balloon flights, yacht cruises; we delve into the fabric of what the country is about with its rhythms, its history and its traditions. Join us in our Out Of The Ordinary way to see Colombia.

- Like A Local, for the experiential;

This is a lovely collection of experiences, very close to our hearts. We are showing here our customs, our traditions, our habits, so you can also feel, live, dance, cook, shop, taste, and enjoy Like A Local. We'll take you to the places we go; we'll teach our secrets; we'll show you what we Colombians are about.

- Active, Nature & Wellness, for the adrenaline/wildlife/wellbeing seeker;

Colombia is one of the most diverse countries in the world and this selection of tours brings you some of the most rewarding experiences our country can offer. We've included a bit of the Amazon rainforest, Orinoquia/Los Llanos, the Andean forests and trails, the Caribbean, so you can choose what tickles your fancy- actively or relaxingly, adrenaline or zen, there's something for everyone in our Active, Nature & Wellness collection.

- Tried & Trusted, for the classical;

These are our "Tried & Trusted" experiences, which have been made the most popular by our guests. Those visitors who'd like to experience the more classical tours will find here a good selection of what Colombia can offer, including explorations of Bogota, Cartagena, Medellin, the Coffee Region, etc.
