

A 5-star luxury resort hotel with unique character and world-class interior design and exterior landscape, blending Santorini's history with contemporary flair.

## Concept & Identity

Creating a truly new concept beyond current "5-star" and "Luxury" perceptions.

A contextual experience embracing and presenting the local topography, produce, arts and culture.

A move away from mass and speed, towards space, experiences, connections and slowness.

An environment that seamlessly blends cultural, intellectual and physical needs, in the context of Santorini.

Dynamically adapting to the needs of the modern traveller as well as evolution of the island.

To uphold the value of global care and have as light a touch on the environment as possible through the use of renewable energy, recycling of greywater and sustainable produce for the needs of the property.

## Experiences

Integrated wellbeing spaces coupled with outdoor and indoor activities.

Culinary and Wine concept linking to local cuisine, organic produce and wine culture.

A well defined lifestyle concept shore offering selected greek luxury brands, contemporary art & gifts.

Social interaction spaces such as open air fire space, yoga and open plan games.

A naturalist garden – non decorative but formed to provide a place for discovery and seclusion with spaces to relax, read and rest.

Organised sports activities throughout the year including trekking, cycling, hiking, tennis et al.

Smart but unobtrusive use of indoor and outdoor technology.
