Private Guide Service: Dubrovnik and its Golden Age, Walking Tour

Description: This tour is a real treat for visitors who want to see beyond the obvious and explore the architecture and history of Dubrovnik and the golden age of the Dubrovnik Republic. Your discovery begins as you enter the Old Town accompanied by your licensed guide through the Pile or Ploče Gate (two main entrances to the Old city). As you make your way through the pedestrian center and the famous Stradun street, you will visit the Church of Holy Salvation, a grandiose Franciscan and Dominican church, crown jewels of Dubrovnik, Knezev Dvor, the Rector's Palace, Old port, vibrant town squares, monuments, and fountains. One of the highlights of your walking tour is the famous Pharmacy located within the Franciscan Monastery, built in 1317. Inside is a fascinating collection of decorated jars filled with ancient remedies; unique measurement devices, together with alembics and mortars. The Monastery, which also houses a museum with an excellent art collection, took a century to build and was almost destroyed in the tragic earthquake of 1667. City walls around the Old city are an entirely private part of the tour - guides do not go up, but if you wish to embark on an exploration of the monumental walls it is definitely a worthwhile experience and a pleasant 2-hour walk. Water and SPF are recommended, especially during the summer months.
